Summary.

Sponsoring and donations for Voice were significantly lower than 2024. Although we ended with a positive bank balance the board decided to increase the price of sponsorship for both Senior/Student and Regular from 12.50 to 15.00 and 30.00 to 35.00 respectively.

Warpstock which was held in Rheine Germany last year was a real success and financially positive. We are currently planning Warpstock 2025 which will most likely be held in the Netherlands.

We still need contributions for the new web browser being developed by bww bitwise works GmbH and being supported with the help of VOICE contributions.
